7 May 2004

This school year I have worked with the staff at Integrity Travel to coordinate the High School Band trip of 70 students and 8 adults. During this communication, John Piquett, Darlene Suchomel and Susan Gasper have always been courteous and quick to respond to my questions and requests. Darlene went with the Sigourney High School Band to Chicago. Actually I don't know how I traveled without a company representative before. She coordinated between the hotel, bus drivers, ticket purchases and even transportation to a hospital emergency room. I would not travel with anyone else!
